

ALKALINE FILTER

Complement your reverse osmosis system.

The Alkaline Filter installs in conjunction with a reverse osmosis system to further enhance your drinking water.

Better Tasting Water

Enjoy cleaner, better tasting water that is great for cooking and making your favorite beverages

Balance pH

Balances acid content and adds calcium and magnesium to keep your water smooth and refreshing

Complete the System

Pair with any reverse osmosis system, including the premium RainSoft Ultrefiner II system

Limited Lifetime Warranty

Get peace of mind with one of the most comprehensive warranties in the industry

Benefits will be provided by various types of RainSoft equipment when installed and operated according to manufacturer's recommendations. Operational, maintenance and replacement requirements are essential for the product to perform as advertised. All claims based on best available information at time of printing. Manufacturer makes no representations as to the suitability of this equipment for a particular application. Buyer relies entirely on dealer's recommendations in the purchase of this equipment. Independent RainSoft dealers may include, together with your RainSoft product, a product or component that is not manufactured by RainSoft or their parent company, Aquion, Inc. Any non-RainSoft product may be covered by the manufacturer of that product, and is not covered by the RainSoft warranty. Aquion, Inc. does not warrant that your RainSoft product and the non-RainSoft product will perform properly when used together, and assumes no liability therefore.
