

## Thermofoil Doors & Drawer Fronts

Corona Millworks doors, drawer fronts, moldings, bottle racks, valances and fillers, manufactured by Corona Millworks are warrantied by Corona Millworks to the customer against defects occurring in the manufacturing process, subject to the terms and conditions as stated in the Warranty certificate. Corona Millworks also guarantees it's Rigid Thermo Foil products against de-lamination, irregular surface discoloration, warpage or twisting for a period of **five (5) years** from the date of purchase. The warranty only covers defects as specified herein and does not include defects or damages attributable to misuse or normal surface weathering, or defects or damages caused by accidents or fire or other casualty or Acts of God, or any other causes or occurrences beyond the manufacturer's control. The exclusive remedial action provided for the customer hereunder shall be repair, restoration, replacement or return and refund of the products manufactured by Corona Millworks found to be defective.

The replacement of new materials for those as may be defective may result in a color variance in comparison to the originally installed Rigid Thermo Foil products due to style and color changes by RTF (Rigid Thermo Foil) manufacturers and is not indicative of Defect. The Manufacturer reserves the right to substitute such RTF colors as are then being manufactured and is only obligated to match color and quality with such products as it is manufacturing at the time of replacement.

## Thermofoil Door & Drawer Front Exclusions & Conditions

This warranty specifically excludes the following:

- Damage resulting from product being stored in areas subject to abnormal heat, ultraviolet rays, cold, dryness, humidity, direct sunlight, fire, collision and foreign any other Acts of God or occurrences beyond the control of Corona Millworks
- Damage resulting from extreme moisture (bleaching, etc.), condensation and moisture formation where condensation is caused by excessive in-house relative humidity or by appliances generating steam vapor.
- Damage resulting from impairment of structural strength or damage when fitting or applying hardware or mounting or affixing objects to the surface of any products such as that damage caused by mounting of suspension devices, curtain rods or holiday decorations.
- Fading, discoloration, scratches or dents as a result of abuse.

- Products installed in area where temperatures will exceed 150 degrees Fahrenheit. It is recommended to use melamine filler between all heat sources and the cabinet.
- Damage as a result of using cleaning products containing ammonia or acetone.
- A warp or twist of 3/16" or less. Twist are measured by placing the face of the door against a true plane surface.
- Fading or oxidation of finishes due to atmospheric changes and normal weathering.
- Products made at the request of the customer which vary from our normal construction specifications (e.g. reducing thickness of a panel, doors made larger than the maximum guaranteed size stated on our price list).
- Damage resulting from installation, repair or any other labor performed by installers of the product.

With respect to any products manufactured by Corona Millworks the following stipulations will be in force and are acknowledged to be part of this warranty.

- A. Unacceptable discoloration and yellowing are considered a change of color greater than 3.0 DE on the Cielab Scale.
- B. Any claimed manufacturing defect is subject to inspection by Corona Millworks personnel and final determination of the cause of such defects will be made by Corona Millworks or their representatives.
- C. Any repair or replacement shall be performed by Corona Millworks within a reasonable period of time, not to exceed ninety (90) days following Corona Millworks determination that a condition of defective manufacture exists.
- D. In the event that any component part or product covered by this Warranty is not available, Corona Millworks has the right to substitute part(s) or product(s) of equal grade and quality.
