

# HYDROSTART

## Your water's journey starts here.

The HydroStart System regulates water pressure and reduces particulates to ensure your RainSoft systems and other water-using appliances continue to work efficiently.

### Appliance Defense

Defend your home and appliances from particles

### Peace of Mind

Reduce your risk of leaks from high pressure

### Peak Performance

Water pressure regulation ensures your water systems are functioning at their peak performance while minimizing wasted water

### Minimal Maintenance

Automatic or manual flushing feature does the work for you by flushing particulates down the drain

### Limited Lifetime Warranty

Get peace of mind with one of the most comprehensive warranties in the industry

TESTED and CERTIFIED by the WQA against NSF/ANSI Standard 372 for Low Lead Compliance.

Benefits will be provided by various types of RainSoft equipment when installed and operated according to manufacturer's recommendations. Operational, maintenance and replacement requirements are essential for the product to perform as advertised. All claims based on best available information at time of printing. Manufacturer makes no representations as to the suitability of this equipment for a particular application. Buyer relies entirely on dealer's recommendations in the purchase of this equipment. Independent RainSoft dealers may include, together with your RainSoft product, a product or component that is not manufactured by RainSoft or their parent company, Aquion, Inc. Any non-RainSoft product may be covered by the manufacturer of that product, and is not covered by the RainSoft warranty. Aquion, Inc. does not warrant that your RainSoft product and the non-RainSoft product will perform properly when used together, and assumes no liability therefore.
