# New Year, New Roof Goals!!

A new year is the ideal time to take a realistic look at your roof:

- Has it made it through several tough Michigan winters?
- Have you noticed missing shingles, stains on ceilings, or granules in your gutters?
- Are you thinking about selling in the next few years?

Ready to talk about your 2026 roof goals?

Call **517-393-9386** or visit [www.precisionroofingmi.com](http://www.precisionroofingmi.com) to schedule your free consultation.

## 1. Plan Repairs

Our team can perform a professional inspection, identify issues early, and prioritize what needs attention now versus what can wait. You'll get clear, honest recommendations—no pressure, no surprises.

## 2. Budget & Financing

Whether you need minor repairs or a full replacement, we'll provide detailed estimates so you can build roofing costs into your 2026 budget. Ask us about our many financing options that help spread the cost over time, so you can protect your home without putting everything on hold.

# Seasonal Roofing Tip: Start the Year with a Roof Checkup

January is a great time to do a quick visual check of your roof and attic:

- Look for missing or lifted shingles from the ground after wind or snow.
- Check your ceilings and upper walls for new stains or bubbling paint.
- Peek in the attic (if safe) for signs of moisture, frost buildup, or damp insulation.
- Watch your gutters for icicles or overflowing meltwater, which can signal ice dam issues.

# Customer Reviews

## 5-star customer reviews

*“Great to experience with representative Joe. He was on time for his appointment. He was very knowledgeable and experienced. He walked us through step by step giving us options and pricing available. He made us feel comfortable and confident in our decision. He was friendly and helpful.”*

-Brenda A.

*“Marcus was polite, thorough, well informed, easy to talk to and understanding of our situation. We felt no pressure but feel confident in the quality work their company provides after talking with him.”*

-Nora B.

*Great communication, very thorough inspection and excellent planning for the roof install job. Robert did a great job.*

-Christopher S.

*Great great service! No problems on the job. Would recommend this company to anybody especially Ashley and Brandon they were great to work with.*

-Craig M.

*Absolutely excellent service. Nick was our salesperson and Brandon was the project manager (contact). Austin helped to install some additional vents in the roof and the entire crew, from soup to nuts, were nothing short of spectacular. Even appreciate the staff in the front office for their communication and contact! I hope I don't need another roof, but if I do, I'll call Precision.*

-Matt B
